Scholarship Application – Please Print!

We are able to offer full and partial scholarships for 2017, to local students who are in need of financial assistance in order to attend the summer camp. Scholarships are available for students 10-18 years of age, and will cover the cost of a day camper. This form along with the required essay and letter of support from your teacher (see below) are due by May 25th. Campers and their families will be notified by June 15th if they have been awarded a scholarship. Please Note: We will not accept scholarship applications after May 25th!

Student Name and Age: ______________________________________________________

Name of school where the student is currently enrolled:

________________________________________________________________________

Name of teacher providing a letter of support for this scholarship

________________________________________________________________________

Are you interested in a full or partial scholarship? Or Both? _________________

We will notify you by email by June 15th regarding the scholarship application. Please clearly write the email address for which you would like to receive this notification.

________________________________________________________________________

A completed scholarship application must include the following:
1. This completed form.
2. A short essay explaining why the student wants to attend the Marine and Environmental Science Camp. This may be hand written or typed.
3. A letter of support from the student’s teacher.

Please mail the completed scholarship application to:

Florida Institute of Technology
Ocean Engineering & Sciences
